## From the Sergeant – Danielle Bristow

Hello and welcome to this month's newsletter! I thought it would be helpful to go back to basics this month and explain a little more about what the role of the Safer Neighbourhoods Team (SNT) is and what we can do for you.

Our ethos is 'Engaging communities, solving problems together.' SNTs work with the public and other agencies to build a confident, safe and secure neighbourhood where police and partners understand the issues that matter to communities and tackle them together.

It is about tackling crime intelligently, focussing on the most vulnerable and reducing threat, harm and risk by building relationships between the police and the public. It enables local people to be part of the solution to the issues that affect their lives and neighbourhoods. We aim to provide access to policing services and enable communities to influence over policing activity in their neighbourhood. We take a structured problem-solving approach alongside joint actions with partner agencies to provide sustainable solutions.

There are 33 SNT's across Warwickshire - these teams have geographically defined areas of responsibility, resourced with mixed teams including a combination of Sergeants, Constables, Special Constables, Police Community Support Officers (PCSOs) and Police Support Volunteers. Understanding communities is an essential element of Neighbourhood policing so get in touch and keep an eye on our social media platforms for upcoming virtual community engagement events! Stay safe 😊

Your Beat Managers are **PC Anna Brown** & **PC Steve Jones** who are responsible to me for ensuring the Policing Priorities are delivered and that the Safer Neighbourhood Team is fully engaged with the community it polices. Please drop us a line by email or call us by telephone and leave a message and the team will get back to you concerning any issues you may have. See page 3 for all the details on how you can contact your SNT.

**30 January** – Ford Transit in Warwick Road, Kenilworth stopped, checked and the vehicle seized for no insurance.

**1 February** – A young person was searched and found in possession of Class B drug.

**2 February** - 5 COVID fines in two separate incidents. The first involved a male and a female who had travelled to Kenilworth from Birmingham, they don't live together and weren't exercising - both were fined. We also came across three males from Coventry who had travelled in one car to sit in Abbey Fields Car park. They all live separately and have been fined as well. In addition one of the males was issued a warning for possession of a Class B drug.

**3 February** - Another uninsured vehicle no longer on the streets of Kenilworth! Vehicle seized, driver reported .. £300.00 and six points plus another £150.00, plus storage fee per day to get it back.

**4 February** – A vehicle stopped with four adults inside that do not live together and actually live with other people so they cannot form a bubble, there were no face masks worn and they weren't out for exercise. Shockingly one even worked in a care home. All four were issued with fixed penalty notices for breaching Covid-19 restrictions.

**6 February** - A 39-year-old woman from Kenilworth was arrested and charged with drink driving after a car collided with a telegraph pole in Thornby Avenue, Kenilworth on Saturday evening.

**10 February** - PCSO RICARDO, PCSO UNDERWOOD and PC Jones responded to a high risk missing person in Kenilworth. Thankfully they were found safe and well by our response colleagues just over the border in Balsall Common.

**12 February** – Robbery at the Post Office on Birches Lane. Arrest made within 24 hours.

**19 February** – A 15 year old male detained in the Albion St area of Kenilworth - searched under Section 23 Misuse of Drugs Act and cannabis found. A referral to our Youth Offending Team has been made to decide on the outcome. We will continue to make use of our powers to target drugs on our streets.

**20 February** - 2 cannabis street warnings issued and 7 COVID FINES (two separate incidents).

**26 February** - Issued 6 COVID fines to young males who had driven to Kenilworth from Birmingham (four in one vehicle, two in another) - none lived together, no masks worn. One tried to give false details and another one was in possession of cannabis.

**27 February** - arrest from Abbey Fields car park on suspicion with intent to supply nitrous oxide canisters. A 16 year old male from Kenilworth was arrested, interviewed and released pending further enquires.

(The offence falls under the Psychoactive Substances Act 2016, it is an offence under that act to possess psychoactive substances with an intent to supply)

### Monthly Message from Kenilworth Beat Managers....

This month we have set out one of the parts of our work that perhaps is not what some may think forms part of the Safer Neighbourhood Team work. While we primarily concentrate on the policing priorities that are chosen by you and set by the community we will also deal with those they choose to act unlawfully.

The record shown on page two demonstrates two things, one that people are around in Kenilworth who are acting unlawfully whether it is driving without insurance or taking drugs. The second is that there is a good chance that those who are acting unlawfully they will be caught and the relevant action and sanctions will be applied.

Meanwhile on other fronts we have been busy highlighting to the community the need to be vigilant when it comes to telephone scams. In one event earlier in February one Kenilworth was very nearly the victim of a scam that would have meant the loss of thousands of pounds. A courier arrived at the near victims door and had it not been for another family member arriving at the same time the money would have been handed over. I would implore everyone not to fall for these telephone scams. Typically the caller knows a little bit about you and this can easily lull you into a false sense of security and lead you to provide more personal details, it's so easy to do so **DON'T FALL FOR IT!**

No banks, building society, HMRC or the Police send anyone to a householders door in relation to money. If you get such calls just replace the receiver and if they are persistent report them to Action Fraud.

**PC Steve Jones &  
PCSO Rachael Clayton**

*Best wishes - PC Steve Jones*
